**AMERICAN RHODODENDRON SOCIETY  
43rd ANNUAL JOHN DRUECKER MEMORIAL  
May 14 & 15, 2022**

Welcome to the 2022 Rhododendron Show and Plant Sale, sponsored by the Noyo Chapter of the American Rhododendron Society.

The location for this 43rd annual Show is Mendocino Coast Botanical Gardens, Fort Bragg. The hours of operation are from **9 a.m. to 5 p.m. on both Saturday and Sunday, May 14 & 15.**

Visitors to the show will find dozens of rhododendron species and hybrids on display. While many of the flowers are from plants common in the North Coast landscape, others are new or hard-to-find varieties not usually seen in home gardens. The members of the Noyo Chapter are pleased to be able to share these flowers with everyone visiting the show.

This booklet provides rules for entries and the classifications of those entries. In addition, guidelines for preparing entries and entry tags are included.

Member exhibitors are encouraged to bring their entries to the show Thursday, **May 12th**, evening between 3 and 7 PM, or Friday morning from 9 am to 12 pm. Entry tags will be available at the March and April chapter meetings, as well as at the Show. Exhibitors bringing flowers to the Show on Friday morning are asked to complete the entry tags ahead of time. **The deadline for entering is noon on Friday, May 13th.**

Exhibitors need not be members of the Noyo Chapter or the ARS. Non-members are eligible for all awards, although trophies will remain in the custody of the chapter.

Judging will begin at 3 p.m. Fri. **May 13th.** Plants will be available for sale starting at 9:00 a.m. on both Sat. and Sun.

The **People's Choice Award** will be judged by show visitors **on Saturday.** Saturday visitors may vote for any entry from any class for the People's Choice Award. Be sure to get your ballot and vote for the People's Choice.

If you have rhododendrons and azaleas blooming in your yard during the Show please bring in a flower truss or spray to share with us all. If you need help identifying your unknown rhododendron entries, expert help will be available to you.

***Enjoy the Show***

# RULES

- I. The Show will be held at the Mendocino Coast Botanical Gardens, Fort Bragg, CA. and will be open to the public from 9 a.m. to 5:00 p.m. on both Saturday, **May 14** and Sunday, **May 15**. **Judging will begin at 3 p.m. on Friday, May 13.**  
On Sunday, exhibitors may pick up their entries, ribbons, and entry cards after 4 p.m.
- II. Show competition will be open to Noyo Chapter A.R.S. members, and the general public alike.
- III. When possible, questions about entries should be settled prior to Show date. Where questions as to classification arise, first authority will be the plant list. Final authority on unlisted entries belongs to the members in charge of classification, using the references listed at the end of these rules. Time limitations do not allow for discussion of categories on the floor during setup.
- IV. All entries must be accompanied by a completed Entry Card. (See sample.) Assistance in completing the Card will be provided at the Exhibitor's entrance for non-members and for members unable to properly identify or classify an entry. **Entries may be submitted between 3 p.m. and 7 p.m. on Thursday, May 12 or on Friday, May 13 between 9 a.m. and noon.**

If possible the Entry Cards should be filled out before bringing entries to the exhibit hall.

**CLASS:** Put **both** the class number and name of the class. For example, "#16 - Blood Red".

**PLANT NAME:** Put either the species or hybrid name. For Example, "Radium" is a hybrid that belongs to Class #16.

**EXHIBITOR:** Put the name of the person exhibiting the entry.

**PHONE:** Put the exhibitor's telephone number here. This will facilitate returning entry cards for use another year and distributing ribbons and trophies.

- V. Entries, accompanied by a completed ENTRY CARD will be accepted before the show when the tent set-up is finished. **No entries** will be accepted for judging **after 12 noon** on the day before the show. Late entries may be exhibited after judging is completed. Be sure to arrive with your entries **by noon**. **Judging begins at 3 p.m. on Friday, May 13.**

**VI.** Judges may not serve more than 2 years consecutively, and Noyo Chapter members will not judge, except in an emergency. **Judges may enter** plants of their own or from others for competition. They may not participate in the judging of a group that includes their own entries.

**VII. Judges shall judge all entries by the classification in which they are entered and appear in display.** If there are **5** or more of a particular variety (e.g. Vulcan in Class 15 or plants with similar parentage or form, e.g. Taurus & Grace Seabrook) then those plants will be put into a subclass (i.e. Subclass 15a) and judged separately. If the judges feel that the entries in either the original class or the subclass warrant recognition then appropriate ribbons will be awarded in the normal fashion. If the particular class qualifies for a trophy then the judges will decide which of the blue ribbon winners shall be awarded the trophy. No hybrid entry may be in both the appropriate Class 23 subsection and the appropriate large hybrid class (i.e. #1 - #17).

### **VIII. Judging Criteria Guidelines**

1. Regarding size, color and form, the flowers and leaves should be judged according to that variety.
2. The flower should present itself well at the time of judging.
3. While upright stems are traditionally desirable, 'facing' trusses may be judged as desirable.
4. The bloom should be free of extraneous material.
5. Up to 3 unopened florets should not count against the entry.
6. To encourage exhibitors to minimize the use of chemicals on their plants and to encourage more people to enter flower trusses and sprays in the show even if they have some leaf damage, leaf condition shall not be used to downgrade a flower truss. Leaves shall only be used in judging to separate flower trusses first judged to be tied based on the flowers alone.

### **IX. DISQUALIFICATIONS:**

1. No flowers or plants may be exhibited if artificially groomed.
2. Debris may be removed, and exhibit may be rinsed with plain water if desired.
3. No other enhancement is permitted.
4. Hammer-heads are disallowed except in Classes 25 and 45. A hammer-head appears to be a single truss, but actually is the result of more than one bud on a single stem.
5. Sprays that exceed the size limitations **may** not be allowed for judging.  
(Members placing entries should check for violations.)

**X.** No person may submit more than one entry per variety per class, with the exception of species, when there is more than one form or variety.

**XI.** Only chapter members will be permitted on the floor during placement of entries. Only, judges and those designated by the Show Chair will be permitted on the floor during judging.

**XII.** Ribbons will be awarded on merit as determined by the judges. A **minimum** of one each, first, second, and third place ribbon **shall** be awarded in each class. At their discretion, Judges may award as many ribbons **in each class** as they feel appropriate.

**XIII.** TROPHIES ARE OPEN TO ALL ENTRANTS. All trophies are perpetual (rotating) trophies. In the event a trophy is awarded to an exhibitor who is not a Noyo Chapter member the trophy will remain in the custody of the Chapter. The Sweepstakes Trophy will be accompanied by a framed photograph, which the winner will keep.

# Selecting Entries

Selecting trusses for the annual show is not difficult, but it does require a little time and some planning.

Start by walking through your garden a few days before the show. This will help you to get a general idea of the flowers you will enter. Make a list and note whether the entries will be trusses or sprays – or plants.

The show committee will appreciate receiving entries on Thursday evening or Friday morning. If you plan to enter a lot of trusses and sprays, it's a good idea to at least get started a couple of days early. Some of us start cutting trusses on Tuesday.

Organize your containers before you pick the flowers. Once you've finalized your list, fill out your entry tags and have them ready. It will make things smoother when you get to the show with those entries.

If possible select trusses with straight stems and bloom at the top. Avoid those growing at odd angles. Select sprays that will display well in their containers. A little careful pruning can enhance the shape of the spray.

Avoid entries with bruises on the petals. Some rain damage may be inevitable, depending on weather the week before the show, but avoid such damage if you can. Choose trusses with one or two unopened buds. Those buds will open during the show, and judges often prefer one or two partially open buds.

Choose blooms with good foliage if possible, but some leaf damage will not disqualify a beautiful bloom. A little pruning may help, but don't prune too much. At least one whorl is highly recommended for a truss. More foliage is usually necessary for sprays.

Cut stems as long as possible. Short stems will be out of water quickly and the flowers will wilt. Cut up the middle of the stem to expose more of it to water, or scrape the bark away to expose the cambium.

Groom the entries by wiping dust off the foliage. A paper towel dampened in water will do. You may need to remove wilted floret or two, but be judicious about it. Sometimes, the brown flower bracts at the base of each floret need to be removed; other times, they can be left if they enhance the color and appearance of the truss.

Finally, don't crowd your trusses when transporting them to the show, as they can be bruised easily. It's better to make an extra trip to the car. Champagne bottles used to display trusses at the show will be provided in advance if you would like to pre-place and label your trusses in the bottles and bring them to the show ready to be placed in the class.

We would like to display as many flowers as possible at our show, so if you have a plant blooming in your garden please bring a truss to share at the show. Don't forget to bring your photographs to enter in the photo display.
